

## BENEFITS OF THE DUAL PRICING PROGRAM

- PCBancard's Dual Pricing Program allows merchants to offer a "card price" and a "cash price".
- Both prices are clearly displayed on the terminal or the ticket, giving your customer the choice of how they'd like to pay.
- Eliminates the processing costs associated with credit card acceptance.
- No need to increase the costs of goods and services to make up for lost profit due to inflation or rising processing fees.
- Merchants are on a month-to-month contract with NO cancellation fees.
- Ability to give back to a local charity through your business' processing.
