

MOBILE

# Handheld POS Designed for Speed, Mobility, and Ease of Use

Take orders, print receipts, and complete payments from a single handheld device.

## Handheld with Built-In Printer

Simple, easy-to-use hardware for orders and receipts anywhere.

## Optimized Order Workflows

Less time spent per transaction with fewer errors and faster training.

## Cash Discounting & Surcharging

Offset processing costs and protect margins on every payment.

### Time Clock Management

Track employee punches by role to reduce labor mistakes.

### Integrated Payroll

Seamless syncing to Priority Payroll—no manual re-entry.

### Embedded User Guides

Minimize training and troubleshooting with self-serve support.
