M POS

TABLE SERVICE RESTAURANT

Purpose-Built POS for *Faster, Smoother* Full-Service Dining

Manage seating, ordering, labor, and tips—all through one unified system.

Tableside Ordering & Payment
Serve guests quicker and close checks at the table.

Table Management
Customize floorplans for faster seating and smoother turns.

Optimized Order Workflows
Reduce mistakes and speed training with fewer steps.

AI Menu Generation
Build and update menus in minutes, not days.

Time Clock Management
Track employee punches and reduce labor errors.

Integrated Payroll
Sync timekeeping to Priority Payroll with no re-entry.

Embedded User Guides
Minimize training and troubleshooting with self-serve support.

Tip Pooling
Allocate tips automatically for fair, accurate distribution.

Cash Discounting & Surcharging
Offset processing fees and protect margins.
