

Action Required: Discover Settlement Claim Deadline May 18, 2026

Dear Priority Client,

We are reaching out to let you know about the **\$1.225 Billion** settlement in the Discover Card case for merchants who accepted Discover cards for payment between January 1, 2007 and December 31, 2023. Discover allegedly overcharged merchants by misclassifying consumer credit cards as commercial credit cards.

The deadline to submit a claim is **May 18, 2026**. Waiting until the last minute may result in an incomplete submission or reduced recovery if all required information is not included before the filing window closes.

To help reduce risk and simplify the claims process, Priority has partnered with Financial Recovery Strategies (“FRS”), a recognized leader in class action claims management, with over 18 years of experience in filing complex claims. They will manage the entire claims process on your behalf, including filing, data collection, and audit support, with the goal of getting your business the highest possible value for your claim. They can save your organization time and effort, allowing you to stay focused on your core business.

FRS works on a contingency fee basis, meaning there are no upfront or out-of-pocket costs for your business. If no recovery is obtained, nothing is owed. As a part of Priority’s merchant network, you will also benefit from a reduced contingency fee from FRS’s standard 33%, down to 25%, when you choose to use their services.
