Take control of your business! Powerful, simple, yet affordable.

Whether you're full service, quick service, a bar, or anything in between, our Front of House system adapts to the way you operate. Manage your business remotely, schedule employees, edit your menu, process payments, all in one system! Nuclear can easily be integrated with PCBancard's Dual Pricing Program, allowing you to eliminate credit card processing fees and put money back into your business.

- Save money with FREE on-site installation, programming & no processing fees on PCBancard's Dual Pricing Program
- Enjoy convenient menu editing, employee scheduling & sales tracking
- Data analysis & marketing insights built-in
- Rely on 24/7 customer service & support from your local rep and the nuclear team.

Run your restaurant from anywhere. Our redesigned cloud back office gives owners and managers complete visibility and control—on desktop, tablet, or mobile.
