KEEP MORE OF EVERY ROOF

A full replacement can run **\$15,000–\$30,000**. At 3%, that's **\$450–\$900 in fees on a single job** — straight out of your margin. With PCBancard's Dual Pricing Program, you pay **\$0 to process** and put that money back into your business.

HOW IT WORKS

Your invoice shows a **cash price** and a **card price**. Homeowners choose how to pay — you keep the full contract amount either way.

BUILT FOR HOW ROOFERS GET PAID

- ✓ **Deposits & final payments** — take cards on site or send a payment link
- ✓ **Mobile terminals** for the truck, the driveway, or the office
- ✓ **Online invoicing** for insurance and financing jobs
- ✓ **Both prices shown clearly** on the terminal and the receipt
- ✓ **No price hikes** to cover rising processing costs
